Beds By George, Inc. is a family owned company that specializes in handcrafting beautiful heirloom quality bed furniture for special needs, disabled, and people who just need some extra security while they sleep. We believe that security can still be attractive.

Amish built, this design incorporates the latest innovations in sleep safety and patient development.

- Safety doors or "rails" open fully for easy caregiver access
- Safety doors or "rails" lock securely when closed
- Meets or exceeds the FDA entrapment standards
- Optional Clear View acrylic panels allow for excellent visibility, giving comfort to patient and caregiver
- No ugly bolts showing, no plastic headboard, not a prison cell nor cage.
- Highest grade materials and old world craftsmanship
- Customize to your personal decor

### All Beds Include:

- Handcrafted Twin Bed Frame
- Optional Accent Carvings for Head, Foot, and Doors
- Choose Colonial or Hemisphere styles
- Choice of Solid Oak, Maple, Poplar
- Choice of 6 Finishes
- Door Styles: raised panel, clear, solid, or slat.
- Two Locking, climb resistant side doors
- Specially engineered poly resin coated Bunkie Board
- Firm Innerspring Medical grade Mattress
